Portfolio: [Christine's Portfolio](#)

Professional Summary

Detail-oriented Information Systems student with experience in virtual assistance, social media management, graphic design, branding, and content creation. Skilled in Canva, Figma, CapCut, Microsoft Office, and Google Workspace. Experienced in managing social media accounts, creating promotional content, designing app mockups, and providing administrative support for remote clients.

Education

Bachelor of Science in Information Systems

Currently Studying | Expected Graduation: 2027

Professional Experience

- **Virtual Assistant and Social Media Manager | US-Based Client | 2024–2026**

Managed social media content creation, post scheduling, graphic design, audience engagement, email management, calendar organization, data entry, internet research, and daily administrative support. Helped maintain brand consistency and improve online visibility through organized and creative digital content.

Project Experience

- **ANHS Learning App Mockup | 2023–2024**

Designed an educational mobile app UI concept focused on improving accessibility and user-friendly learning experience.

- **Safebuddy App Mockup | 2024–2025**

Created a safety-focused mobile app interface with clean design, intuitive navigation, and emergency support features.

- **CJN Bracelet Branding | 2021–2022**

Developed logo design and Facebook business page branding materials to strengthen product identity and online presence.

- **Matchappy Café Branding**

Created logo, color palette, and visual identity design for a matcha café branding concept.

Skills

Virtual assistance, social media management, graphic design, branding, logo design, app UI mockups, content creation, photo editing, layout design, time management, and organization.

Tools

Canva, Figma, CapCut, Microsoft Office, Google Workspace, with ongoing training in Adobe Illustrator, Adobe Photoshop, and Blender for advanced graphic design, photo editing, and 3D creative projects.
